OWDED STEAMERS CRASH IN DARKNESS

Excursion Boats Collide in the New York Harbor.

NKING OF VESSELS PREVENTED

ny Women Faint and Two Men Jump Overboard—Numerous people Hurt, but No Lives Are Lost—Craft Badly Damaged.

New York, July 21.—Two crowded cursion steamers were in collision hursday night in New York harbor Statent island, imperiling the lives 1,500 persons, but neither in the ash itself nor in the wild panic ich followed, was any one seriously ured.

The vessels were the Perseus, of the n Steamboat company, bound for ney island with 500 passengers on ard, and the Thomas Patten, of the tten line, bound from Long Branch New York, carrying 1,000 passen ers.

The whistles of the colliding steam s soon brought assistance from boats the bay, and the frightened pas gers were transferred as quickly as ssible and brought to this city.

The Perseus and the Patten inter cked and neither sank. Wrecking ssels were sent to the scene.

The lower harbor was covered with dense fog at the time of the colli on, and the two vessels were running reduced speed. When directly off t. George, Staten Island, the Thom Patten crashed with terrific force to the port side of the Perseus, mashing the paddle wheel and box, d tearing away much of the join work. The Patten's bow and up er fore decks were badly damaged. The impact was so great that the ves ls remained fast together. No ef ort was made by the Patten to break away, for it was felt that safety from inking lay in the vessels remaining interlocked.

When the Patten suddenly loomed ut of the fog and it was seen that a collision was unavoidable, the passen gers on the two vessels became fran ic with fear. Just before the crash ne man on the Perseus jumped over oard, but was quickly rescued.

The captains and officers were mong the passengers in an effort to estore quiet. A hasty examination ndicated that neither boat was in im ediate danger and the whistles were alling for assistance. The excursion oat Commodore and a Staten island erryboat ranged alongside, a transfer f passengers was quickly made and ll were brought to the city.

During the panic many women faint d and some were bruised, but none eriously.

One of the passengers from the Per eus said he had seen two men jump verboard and he thought both were rowned. There was no confirmation f this, however.

Efforts are being made to tow the isabled vessels toward Brooklyn.

Released on Bond.

Boston, July 21.—On surety furnish d by a former schoolmate, Fred H Bridge, of Arlington, who was arrest d Saturday on a charge of using the ails to defraud was released Thurs day night. On Saturday Bridge was held in $2,000 bond charged with an offense against the postal laws com itted in Boston. On Tuesday he was re-arrested and held in $2,000 ad itional bail on the charge of com itting a similar offense in Cleveland. Both cases have been continued until next Tuesday at which time it is ex pected that the government will ask for Bridge's removal to Ohio to face charges there.

Hangs Himself With Sheet.

Mobile, Ala., July 21.—James W. Carter, aged 37, committed suicide in a ward of the hospital by hanging. A sheet taken from the bed was used. Carter, who was a machinist at the Louisville and Nashville railroad shops two years ago lost his wife. He brooded over his loss and took to drink to drown his sorrows. He was committed to the hospital two days ago.

THOMASVILLE GETS NEW ROAD.

Thomasville, Sparks and Northeastern to Tap Rich Section.

Thomasville, Ga., July 21.—Another new railroad for Thomasville, to be known as the Thomasville, Sparks and Northeastern, is projected to run from Thomasville through Pavo to Sparks in Berry county.

The prime movers in the enterprise are Captain E. M. Smith, president of the Bank of Thomasville, and Dr. K. Frank Harris, president of the Bank of Pavo. This assures the success of the project. Other citizens of Pavo and Thomasville will be interested in the road.

Dr. Harris will be in the city said Captain Smith, and we will immediately begin to get the matters in shape for a charter for the new road. This road will run through one of the richest sections in the state of Georgia.

It will tap a country rich in timber and as good as any to be found for agricultural purposes.

It will give Thomasville another outlet to the north, and will be of benefit to Pavo. The road will connect with the Georgia, Southern and Florida and Nashville and Sparks at Sparks. The new roads that have recently come under the control of the Williams interest will in all probability soon be running directly from Nashville to Augusta.

An inspection of one of the latest maps of Georgia shows that the probable route of the road will be from here to Pavo, then to Adlia, in Brooks and then to either Guest or Hempstead in Colquitt, then to Quitp in Berry and from there to Sparks. This is almost a direct line.

DORSEY IS PLACED ON TRIAL.

Accused of Murder of Curtis Twitty at Gainesville.

Gainesville, Ga., July 21.—The trial of John Tucker Dorsey, charged with the murder of Curtis Twitty on the outskirts of the city on the morning of Sunday, April 29, was begun in Hall superior court Thursday morning.

When the case was sounded both sides announced ready and the selection of a jury was at once begun.

Dorsey is represented by Dean & Hobbs and Thompson & Bell. Solicitor Charters is assisted in the prosecution by Colonels J. E. B. Mahaffey, of Jefferson, and F. M. Johnson, of Gainesville.

The defendant is a son of Mrs. Jasper N. Dorsey, while Curtis Twitty was a son of J. N. Twitty, of Twitty bill fame. Both families are prominent and the court room was packed to hear the trial. Owing to the prominence of the parties it has attracted unusual attention.

Murder Follows Card Game.

Charleston, S. C., July 21.—A special from Laurens tells of a tragedy enacted near that place in which Elbert F. Copeland, a prosperous young farmer, was shot and killed and his slayer, G. Wash Hunter, is a fugitive from justice. The two men were members of prominent families and neighbors. They had met with others Wednesday at the home of Lee Hunter and began a game of cards that continued all night. Early this morning a quarrel arose, and it is said by the others that Copeland struck Wash Hunter with his crutch and drew a knife, whereupon Hunter emptied his five-shooter into Copeland, killing him instantly. Hunter made off, and has not been arrested.

Snowballs Fly in Denver Streets.

Denver, July 21.—Along Sixteenth street the marchers in the Elks' parade were showered with flowers and snowballs, several carloads of snow having been brought from the Continental division by the Moffatt railroad to show the diversity of the Colorado climate. The temperature on the streets while the snowballing was in progress was about 85 degrees.

Five Killed in Explosion.

Bluefield, W. Va., July 21.—As a result of an explosion in the Dixon mine at Huger, in the east end of the Tug River field at 8 o'clock Thursday night Wallace Mitchell and four miners, Ernest Jones, Palmer Harris and Robert Harris, brothers, and John Gibson are dead, and Bill Crouse and Langdon Whiteside will die from burns and shock received.

LADY CURZON FALLS BEFORE GRIM REAPER

Was Wife of Former Viceroy of India.

WAS MISS LEITER OF CHICAGO.

She Had Never Recovered Fully from Illness of 1904, and the Recent Hot Weather Brought on Attack of General Debility.

London, July 20.—Lady Curzon, wife of the former viceroy of India, who has been ill for some days, died at 5:40 o'clock Wednesday evening. She never quite recovered from her serious illness at Walmer Castle, Kent, in 1904, and the recent hot weather brought on a pronounced attack of general debility. Lady Curzon was Miss Leiter, daughter of the late Levi Z. Leiter of Chicago.

Worth $3,000,000 in Own Right.

Chicago, July 20.—Lady Curzon was in her own right the possessor of $3,

LADY CURZON.

000,000. The family moved to Washington and later went abroad, where they entertained lavishly. While abroad Miss Leiter met Lord Curzon, son of the fourth baron of Scrasdale. They were married in 1895, after Curzon had held the office of assistant private secretary to the Marquis of Salisbury, under secretary of state for India and under secretary of state for foreign affairs.

In 1898 Curzon was created first Baron Curzon of Kedelton, and in 1899 was appointed viceroy and governor-general of India, which post he resigned in August, 1905, and was succeeded by the Earl of Minto.

Lady Curzon leaves two daughters.

It was announced at the Curzon residence that the final cause of Lady Curzon's death was heart failure, but she had been suffering from complications which were the sequel of her terrible illness of two years ago.

The funeral, the date of which has not yet been fixed, will take place at Kedleston.

Simla, India, July 20.—The news of the death of Lady Curzon, of Kedleston, wife of the former viceroy of India, caused a great shock here and from all parts of India come expressions of keen sorrow. Her splendid work in behalf of the natives, especially the women, endeared her to all the natives.

Charged with Wire Tapping.

St. Louis, July 21.—Through the arrest of Henry Stanley, a telegraph lineman, taken into custody Thursday on the charge of being implicated in a wire-tapping scheme the police believe they have brought to light an extensive scheme for the stealing of quotations from the Merchants' exchange and that wire tappers have been operating in St. Louis for three months. Stanley is the only person arrested so far.

McCormicks Sail for America.

Paris, July 21.—Ambassador and Mrs. McCormick sailed from Cherbourg for America on the Hamburg-American liner Amerika for a short vacation in the United States. They will return to Paris at the end of August.

COUNCIL ORDERED BRIDGE.

Will Prove Great Convenience to People of East Gainesville.

The City Council has been meeting quite regularly for the past few days, as the equalization of city taxes has been a question which that body has been required to settle.

While the council is kept quite busy in the matter of equalizing taxes, a little time has been found for the transaction of other business, and about the best thing that has been done recently was the order of the council instructing the street committee to have constructed a substantial wooden bridge across Sweetwater branch on South Roper avenue.

This bridge will prove a great convenience to the people of East Gainesville, who have been compelled to go a long distance out of the way to reach places beyond Sweetwater branch.

MRS. WALCOTT DEAD.

Information Comes Through Mrs. J. M. Graham, Warm Springs, Va.

Mrs. J. M. Graham, who, with her husband, is spending a few weeks at Warm Springs, Va., writes The Sun an interesting letter, in which, among other things, she states that Mrs. A. A. Walcott, a lady well known here and who had many friends, died at her home on July 3. Mrs. Graham did not state where deceased resided, but at any rate she spent several winters here, and was quite popular. She was a niece of Dr. Morgan, who spent several winters here, taking rooms over the old First National Bank. Friends here will regret to learn of her death.

Mrs. Graham says that Mr. Graham is enjoying good health at the springs, which will be gratifying information to his friends here.

DEATH OF MRS. WHITE.

Well Known Woman of Cedar Key Passed Away Thursday Morning.

Cedar Key, July 21.—Mrs. E. J. White died early Thursday morning, after an illness of several weeks.

Mrs. White was Miss Mortie Rogers, a daughter of Mr. Henry S. Rogers of Trenton, and had been married about one year. She leaves a devoted husband and a two-weeks-old baby girl to mourn her loss.

The interment took place Friday afternoon in the city cemetery. Rev. Sheffield conducted the funeral service.

Party at Hague.

There was an enjoyable gathering, known as a "party," at the home of Mr. and Mrs. J. A. Parrish, Hague, Friday evening.

Mr. and Mrs. Parrish, who are clever and hospitable entertainers, never tire of their friends, and whenever they undertake to do a thing they do it well. This was no exception to the rule.

The evening was passed in music and dancing, and those who felt inclined enjoyed the Terpsichorean art to their heart's content.

At the conclusion of the evening those present made their departure with best wishes for Mr. and Mrs. Parrish.

Oak Halls Defeat Waldo.

The Oak Halls and Waldo baseball teams crossed bats on the local diamond Saturday, the result being fourteen to nothing. The game was not as well attended as should have been, owing to the fact that it was not properly advertised.

The Oak Halls will play St. Augustine Monday and Tuesday. It is said that the Ancient City has a hot team, and good games are anticipated, as the Oak Halls are in good condition.

Picnic on the Lake.

A number of gentlemen and ladies, married and single, beat on a good time, spent Friday on Newnan's lake, and report a good time. The gentlemen furnished the teams, while the ladies filled baskets with all kinds of good things to eat. The day was passed in a most enjoyable manner, and altogether everyone who went returned home tired but happy in the day's pleasures.

WAR IS DECLARED ON HOLY ROLLERS

Seattle Authorities Resolve to Rid City of Sect.

GLAD SHE SHOT HER BROTHER.

She Says that the Chief Roller, Who Led Her Astray and Who Was Killed for Ruining Her by Her Brother, Was a "Holy Man."

Seattle, Wash., July 21.—In consequence of the killing of George Mitchell by his sister, Ethel, the authorities have resolved to drive the "Holy Rollers" from the city.

The leader of the band in Seattle was Franz Edmund Creffield, who, although a married man and living with his wife, enticed Esther Mitchell from her home. It was to avenge his sister that George Mitchell shot and killed Creffield some weeks ago in Seattle. Mitchell was acquitted on a plea of temporary insanity.

Esther Mitchell resented her brother's act, and she and Creffield's widow, with whom she was on the best of terms, decided upon revenge. It was agreed that the one who got the first opportunity should kill George Mitchell.

The chance came to Esther in a waiting room of the union depot.

George Mitchell was going away, and his brother, Perry and Fred, were there to see him off. Esther, who had refused up to that time to be reconciled to her brother, was invited to go to the depot and did so. Concealing her real feelings she shook hands with each of her brothers and chatted with them until train time. She walked beside George Mitchell as they all started for the train together, and as they neared the door she stepped close to his side, pressed a revolver against his head and fired. She had concealed the revolver in her coat.

The girl says that the spirit of her dead lover urged her to kill her brother. She says that it was blood atonement, and that the spirit of Creffield has not annoyed her since she killed her brother. Esther admits that she and the widow of the Holy Roller were in conspiracy to avenge his death.

"I am not insane," declared Esther Mitchell. "Before I killed my brother Mrs. Creffield and myself talked it all over, and we knew that we would be arrested and the law would punish us.

"He," continued Miss Mitchell, speaking of Creffield and in answer to a question, "was a holy man. My brother was of the world, and was defiled. It was right that he should be punished for what he did, and the law set him free."

Mrs. Creffield does not attempt to justify her part in the shooting on the ground of religious training, nor does she insist that the Creffield influence is still alive. She was asked whether the spirit of Joshua had been heard or whether she expected him to return to her.

The "Holy Rollers" got their name from the fact that they frequently roll on the ground when possessed of a religous ecstacy. The sect had its origin in central New York, that prolific mother of strange beliefs from which sprung the Mormons, the Shakers, the Oneida community and the Holy Order of Kneebenders.

Rosenberg Has Been Released.

Altona, Prussia, July 21.—Augusta Rosenberg, formerly of Seattle, Wash., who was arrested here July 3 on the charge of being engaged in an anarchist conspiracy, has been released. The judge who investigated the case decided that the testimony against the prisoner was inadequate and said that no suspicion remained in the minds of the authorities.

Detroit Will Make Municipal Ice.

Detroit, Mich., July 21.—Mayor Codd has announced that he has under way plans for the establishment of a municipal ice plant in this city which will furnish ice to citizens at the cost of cutting, storage and delivery.

ALL INJUNCTIONS NOW DISSOLVED

No Legal Impediments Now in Way of University.

INJUNCTION CASES OVERRULED

By Judge Malone at Tallahassee Thursday—Good News Not Only to People of Gainesville, But Entire State of Florida.

Tallahasse, Fla., July 19

H. H. McCreary, Gainesville, Fla:

Judge Malone Has Dissolved all University Injunctions. The cases were heard today.

GERTIE DZIALYNSKI.

The above, received from Tallahassee at a late hour Thursday afternoon, is a short story, but it is sweetened just to the taste of Gainesville people and friends of the city in the University matter, which includes about eighty per cent of the people of Florida.

The Sun, as well as all readers of this paper, appreciate Miss Dzialynski's thoughtfulness in sending the information so promptly.

THE PROSPECTS ARE GOOD.

Planters of Morriston and Vicinity Will Have Good Cotton Yield.

Among the prominent business men visiting Gainesville yesterday was J. W. Fant, a merchant and cotton buyer of Morriston.

Mr. Fant brings encouraging reports from his section, notwithstanding the heavy and continued rains of the past few weeks, which have had a tendency to damage the cotton crop heavily, in some instances almost demolishing the prospects. He states that the prospects for a good yield the coming season are fine, that the acreage is about the same as usual, and that the plant is looking fine. Planters are anticipating a successful cotton crop.

Not only cotton, but corn and other staple productions of the farm are doing well, and as a rule the farmers of Morriston are happy and prosperous.

Modest Claims Often Carry the Most Conviction.

When Maxim, the famous gun inventor, placed his gun before a committee of judges, he stated its carrying power to be much below what he felt sure the gun would accomplish. The result of the trial was therefore a great surprise, instead of disappointment. It is the same with the manufacturers of Chamberlain's Colic, Cholera and Diarrhoea Remedy. They do not publicly boast of all this remedy will accomplish, but prefer to let the users make the statements. What they do claim is that it will positively cure diarrhoea, dysentery, pains in the stomach and bowels and has never been known to fail. For sale by all druggists.

TAYLOR MORGAN BETTER.

Negro Whom Sheriff Was Compelled to Shoot Is Resting Easily.

Taylor Morgan, the negro who attempted to pass a forged check amounting to $158 with the name of S. F. Wait attached thereto at the First National Bank, who was arrested, and who overpowered the officer and took his pistol and whom it became necessary afterwards for Sheriff Fennell, in pursuit, to shoot three times before he would surrender, is reported to be resting as easily as a fellow could who had been punctured with lead.

Naturally Morgan's wounds are giving him a great deal of pain, but they are not considered necessarily dangerous.

This scrap should be, and probably will be a lesson to Morgan. When he shall have served out the sentence in the State prison which will necessarilly be passed, it may make a man of him.

It was a miracle that Morgan did not fire upon Officer Bruton when he secured possession of that officer's pistol; but he was too busily engaged in an endeavor to escape to stop long enough to shoot anyone.

A Tragic Finish.

A watchman's neglect permitted a leak in the great North Sea dyke, which a child's finger could have stopped, to become a ruinous break, devastating an entire province of Holland. In like manner Kenneth McIver of Vanceboro, Me., permitted a little cold to go unnoticed until a tragic finish was only averted by Dr. King's New Discovery. He writes: "Three doctors gave me up to die of lung inflammation, caused by a neglected cold, but Dr. King's New Discovery saved my life." Guaranteed best cough and cold cure, at all drug stores. 50c and $1. Trial bottle free.

The "Sugar Wagon."

The pay train of the Atlantic Coast Line, more familiarly known as the "sugar wagon" among the employes, came duly to hand Friday, and distributed great sheets of alluring greenbacks to the boys which made them feel good.

The "sugar wagon" is anticipated each month with a great deal of anxiety by those who are dependent upon it, and its arrival always means a good and prosperous time for those directly interested.

Mrs. Holder Injured.

Mrs. C. E. Holder of Hague was the victim of a painful accident a day or two recently. While the lady was riding horseback the animal suddenly "shied," throwing her violently to the ground. Her shoulder was injured, and she sustained other bruises.

Friends are glad that the result was not more serious, and trust that Mrs. Holder may soon completely recover.

Twenty-Year Battle.

"I was a loser in a twenty-year battle with chronic piles and malignant sores, until I tried Bucklen's Arnica Salve, which turned the tide by curing both, till not a trace remains," writes A. M. Bruce of Farmville, Va. Best for old ulcers, cuts, burns and wounds. 25c at all druggists.

BOARD OF TRADE AFTER LOW RATES

Will Ask Railroads to Place City on Tourist Basis.

AN ENTHUSIASTIC MEETING

Many Were Present, and Several Matters of Interest to the City Were Discussed, Principal Among Which Was the Railroad Rate Question.

Pursuant to call of President W. G. Robinson, an enthusiastic and well attended, meeting of the Gainesville Board of Trade was held in the city hall Thursday afternoon for the purpose of discussing the matter of exercising the influence of the board in having the railroad and other transportation lines give Gainesville the advantage of a winter tourist rate, as enjoyed by other cities of the State.

The question was discussed thoroughly by several members, at the conclusion of which a committee was appointed, headed by B. F. Hampton, secretary of the board, with instructions to confer with the various railroads with a view to securing these rates.

After the transaction of some other business of minor importance, the board adjourned subject to the call of the president.

The securing of the rate desired would mean a great deal for Gainesville, as it would attract a great many more people here during the tourist season, especially since the University of Florida, the Florida Winter Bible Conference, the Christian Workers' Institute and the Gainesville Winter Chautauqua are located here.

Asthma Sufferers Should Know This.

Foley's Honey and Tar has cured many cases of asthma that were considered hopeless. Mrs. Adolph Buesing, 701 West Third St., Davenport, Iowa, writes: "A severe cold contracted twelve years ago was neglected until it finally grew into asthma. The best medical skill available could not give me more than temporary relief. Foley's Honey and Tar was recommended and one fifty-cent bottle entirely cured me of asthma which had been growing on me for twelve years. If I had taken it at the start I would have been saved years of suffering." J. W. McCollum & Co.

JUSTICE COLMAN'S COURT.

Colored Man Committed to Jail on Charge of Beating His Wife.

In Justice Colman's court Thursday Alfred Davis, colored, was arraigned upon a charge of beating his wife, Rosa Davis, who was the plaintiff.

In default of a $200 bond, Davis was committed to jail to await the action of the grand jury at the fall term of the court.

Saved His Comrade's Life.

"While returning from the Grand Army Encampment at Washington City, a comrade from Elgin, Ill., was taken with cholera morbus and was in a critical condition," says Mr. J. E. Houghland of Eldon, Iowa. "I gave him Chamberlain's Colic, Cholera and Diarrhoea Remedy and believe saved his life. I have been engaged for ten years in immigration work and conducted many parties to the South and West. I always carry this remedy and have used it successfully on many occasions." COMMISSIONERS REDUCE ASSESSMENTS

The Assessments the Coming Year Will be Only For Two Funds.

EXPENSES GREATLY REDUCED

The County Is in Fine Financial Condition, and Can Take Care of All Funds Except Road and School for the Coming Year.

The county commissioners of Alachua county had their adjourned meeting, in compliance with the order of the regular meeting of the month, on Friday, with the result that a great benefit has accrued to the property holders of the county as regards taxes.

The members which represent the best element of the county when it comes to financial affairs, met to equalize the taxes of the county, and they were determined to make the assessment "man to man" when it came to charging the people of the county for privileges to live.

After a long session of the board, which was meeting from early morning to late in the afternoon, there were many changes in assessments. The commissioners discovered that they could save the citizens, taxpayers of Alachua county, many thousands of dollars in their assessments, and in consequence cut off every levy except the road fund, four mills, and the school fund, seven mills.

This is the first time in the history of the Board of County Commissioners of Alachua county when the general fund, which means the general expenses, has been eliminated, which means that the people in the county are in better condition today than ever. The present board deserves and will have the credit for this reduction.

The remainder of the session was spent in equalizing taxes.

TEACHERS' EXAMINATION.

Work is Progressing Nicely--Examination Will Conclude Today.

From Friday's Daily Sun.

The examination of teachers for State and other certificates, which began Tuesday morning, is progressing nicely under direction of State Superintendent Holloway in the higher branches, and Mrs. Ella LaFontisee Hamilton in the primary department.

The examination will conclude today. The attendance has been very fair, but it is the opinion of the educators that more teachers could be used in Florida for the coming year. Several county superintendents, realizing the prospects of a shortage of teachers, have taken advantage of an opportunity to come here and employ teachers in advance.

TROUBLE AT WINDSOR.

John Williams Was Arrested for Obtaining Money Falsely.

Deputy Sheriff L. E. Story has arrested in this city John Williams, a negro man who was charged with embezzlement by G. A. Byles of Windsor, a merchant, and obtaining goods and money under false pretense. From the best information that can be secured, it appears that Williams secured a lot of groceries and other supplies from Mr. Byles, as well as some money that he secured on a check which was not good, and left for parts supposedly unknown. Mr. Byles, however, ascertained that he was in Gainesville, and notified Officer Story, who came here and had no difficulty in locating the man.

Williams was taken to Rochelle, where on Friday he was arraigned in Justice Zetrouer's court. The result is not yet learned, but if Williams is guilty of what he is charged with he will be convicted of from three to six months.

S.S.S. PURELY VEGETABLE

The fact that S. S. S. is a purely vegetable preparation, containing not the slightest trace of mineral in any form, has been one of the strongest points in its favor during its forty years of existence. It is recognized everywhere not only as the best of all blood purifiers, but the one medicine that can be taken with absolute safety by the youngest child or the oldest member of the family. Next in importance to removing the cause of any disease is the condition in which the system is left after a course of medical treatment. Medicines containing mercury, potash or other strong mineral ingredients often do permanent injury by eating out the delicate lining and tissues of the stomach, producing chronic dyspepsia, unfavorably affecting the bowels and so damaging the system that even if the original cause of the disease has been removed, it is left in such a deranged and weakened condition that the health is permanently impaired. S. S. S. enjoys the distinction of being the only blood medicine on the market that does not contain a mineral property in some form. Being made entirely of roots, herbs and barks it is absolutely harmless to any part of the system, and while curing disease adds strength and health to every part of the body. S. S. S. removes all poisons, freshens and purifies the blood and gives better and more lasting results than any other blood medicine. S. S. S. is the very best treatment for Rheumatism, Catarrh, Scrofula, Sores and Ulcers, Skin Diseases, Contagious Blood Poison and all troubles due to an impure or poisoned blood supply. Besides being the King of blood purifiers S. S. S. is the best and most invigorating of all tonics.

HOME COMFORT RANGES

Josh Billings Said:

"I luv a rooster bekaws he ken krow, an' bekaws he has spurs to bak up his krow."

We claim that the Home Comfort is the best and most durable Range in the world, and here are the "spurs" to back up the claim:

THE ONLY GRAND PRIZE awarded by the Louisiana Purchase Exposition. Awarded by the group jury, approved by the department jury, affirmed by the supreme jury, and reaffirmed by the committee of five.

OFFICIAL RIBBON, World's Columbian Exposition. OFFICIAL RIBBON, California International Midwinter Exposition, San Francisco, 1894.

PREVIOUS AWARDS—27 highest diplomas, 16 gold medals, 1 silver medal, Industrial Exhibition, Toronto, Ont., Can., 1895. (The highest award, and only medal ever given on Ranges in Canada).

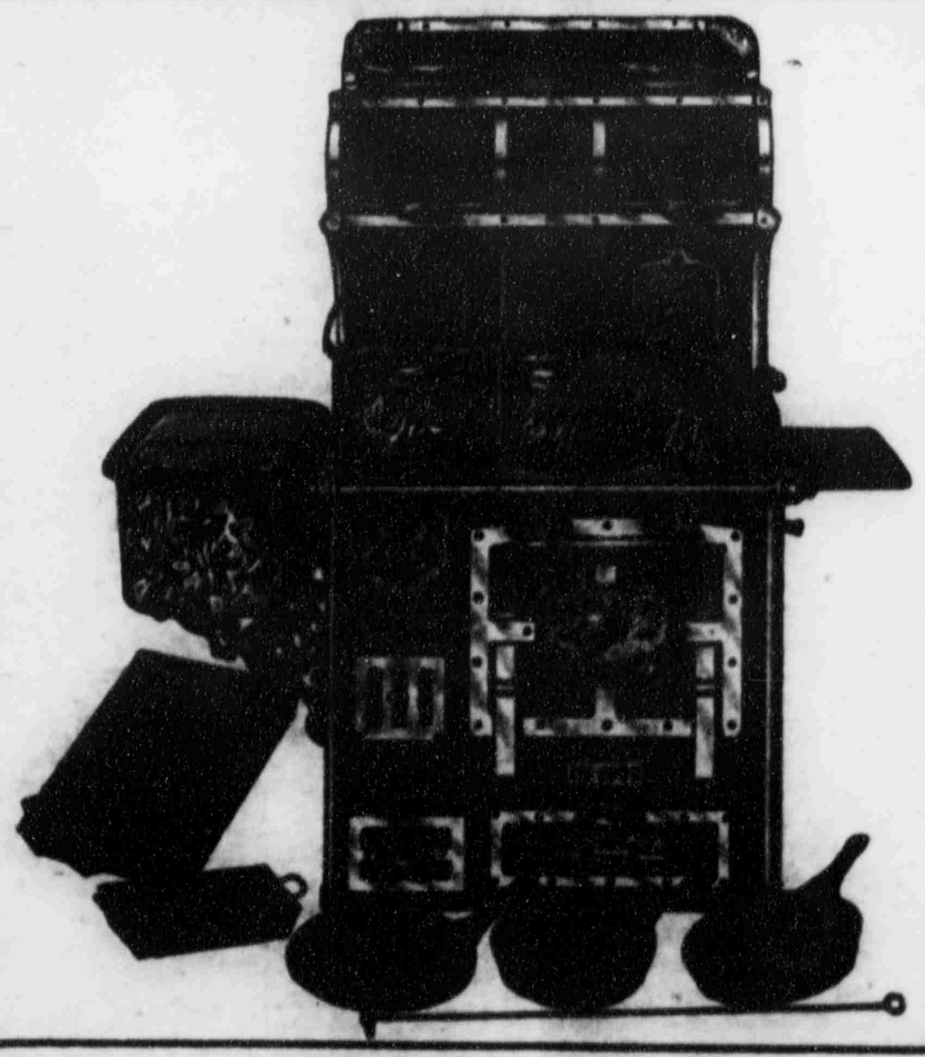
Gentlemen—We purchased of your salesman, J. D. Crouse, on the 8th day of February, 1906, a "Home Comfort" Range, and are pleased to say that it gives entire satisfaction.

This certificate you can use in any manner you see proper. Respectfully,
MRS. LOTT EDWARDS.



What Prominent People Who Have Used the Home Comfort Ranges Say About Them:

Paradise, May 15, 1906

To whom it may concern: This is to certify that I bought a Home Comfort Range from The Wrought Iron Range Company sixteen years ago, and have found it to be just as represented. It has been in constant use since I bought it and is as good today as when purchased, except the first joint of piping. This they replace free of charge. My range has at all times given perfect satisfaction, and is a great saver of fuel. If you buy one you will make no mistake. If my range had in any way given out I certainly would replace with another, as their salesmen are now in this county and the range they are now selling has great improvements over mine. W. A. STRICKLAND.

"Shun soup," says Dr. Osler. Which sentiment will be echoed by every politician who has fallen into it.

William J. Bryan is neither rich nor poor financially. His property holdings in the suburbs of Lincoln, Neb., are valued at $50,000 and his downtown property at $22,000. The value of his bank stock and personal property is not given.

That Pennsylvania preacher still insists that George Washington went to the ball game every Sunday, or something of that sort. How long does a man have to be dead before he can be called a great man without the fear of successful contradiction.

Superstition and distrust, with which all societies known as secret orders were at one time viewed by a large number of people, was, happily, long ago dispelled, and today the lodge stands as one of the champions of the home and family. Wherever society has reached a high state of development, secret and fraternal orders have their greatest stronghold.

"We are a restless people," says the editor of a Kansas exchange. "Every thin woman longs to be fat. Every fat woman wants to grow thin. Every town man longs for the time when he can retire in the quiet of the country, and every farmer hopes to some day quit work and move to town, when he can take life easy. Country newspaper men would like to try their hand on a city daily. The fellows on the big dailies dream of a time when they can own a paper of their own. In youth we long for maturity, in age we yearn for the happy days of childhood. There is no excuse for it other than that we seem to be built that way. The grass seems to be just a little bit greener and thriftier most any direction from the place you occupy right now. Contentment is as near to happiness as you can get in this world."

INDUCE IMMIGRATION.

It is noted from almost all the exchanges throughout the South that there is a great effort being made to induce immigration, and yet we are not making an effort here in this direction. This should not be; for with the many great advantages of Alachua county there is no doubt but that with the proper effort many settlers could be induced to settle with us. In the past this county expended profitably a large sum of money in this direction, and many people came and prospered, and had it not been for the disastrous freeze many more would have come. The State also expended much money in this direction, all of which was of great benefit to the State at large.

Why have these efforts ceased? Is it because we have a sufficiency of people—is it because we do not want settlers? Our answer is in the negative of any such proposition; but, on the contrary, we do need settlers, and we need them badly. Alachua is a large and fertile county, and has an area of 806,400 acres of territory, upon the greater portion of which, by proper cultivation, money can be made by the farmer. The county has ample railroad facilities, the soil is diversified and fertile, and leaving out all the advantages of raising citrus fruits, there are so many other products in the way of annual crops which pay and pay well, that we think that with a proper showing of our advantages that the class of immigration most to be desired will be easily induced to come here and live.

We would suggest, as this county is today in a better financial condition than it has been for many years, that of the surplus accumulation of means, that some of this should be expended in the proper showing of the advantages of the county. Let us have an immigration company who shall take up the matter of a proper advertisement of the resources of the county. Who will be first to step out in the light and assist in this matter?

THE PASSING OF THE NEGRO SLAVE.

With the passing of the negro slave the grand old South is losing a most interesting character of humanity. His relation to the South has been remarkably important in many respects, and the beautiful tributes that can be paid him by the Southern people as his characteristic life closes never again to be reproduced, will partially serve in preserving his peculiarities in memory. Unlike many other characters of citizenship his life will not live on in posterity. His was a brief existence, wholly distinct from those who lived before him or shall hereafter exist.

Many quaint and queer old tales will be read by our children and grandchildren, the data of which will be gathered from the interesting life of the negro slave, their loyalty to their masters and masters' children. That they were, as a general thing, the happiest human pictures the world has ever known, is beyond a shadow of question. The tales they now tell us who are too young to remember the actual scenes, are simply charming; of the 'possums they have pulled from the frosty 'simmon limbs; of the coons they have chased from the new ground corn; of the gay weddings they have witnessed and the elegant suppers they have prepared. Pride! Jealousy! Hatred! Begone! And God bless the old slaves.—Crystal River News.

People who have been eating headcheese will be interested to know that, as revealed by the recent slaughter house investigations at Chicago, it is really a cheap food. It is made up in hundred-pound lots—sixty pounds of hog rind, ground fine, twenty pounds of hog shank, ears, trimmings, half a dozen calves' or pigs' tongues unfit for use otherwise. Added to this is one pound of headcheese seasoning, and three-fourths of a pound of preserver. People who have been indulging in the luxury of headcheese, potted meats, sausage and other widely advertised preparations will peruse these revelations with pleasure—that is, if they can keep their stomachs quiet during the process of digesting the news. Truly, one-half the world doesn't know what the other half eats.

SUNBEAMS

A real friend is the first person who comes in when the whole world goes out. We are not so much in need of friends when the world laughs with us. But in those days he is not a friend who would not die with us when all others would forget and despise.

The difference between anarchy and Christianity is well described by a man, once an anarchist, appointed to assassinate the Prince of Wales, who afterwards became a devoted Christian. Often, in the social meeting, he would thus testify: "My brother, once my creed was this: 'Down with everything that's up,' but it has changed, and now I say, 'Up with everything that's down.'"

That was a wonderful feat performed in the Boston University School of Medicine. On the sightless eyes of one blind from three weeks old were turned Roentgen rays, by means of a special tube, conveying a current of 2,000,000 volts. He saw sufficiently to describe with accuracy many things passed before him. How the world stands in silent amazement wondering if the visionless gaze of the blind might yet be turned upon a world of beauty. And yet, for nineteen centuries, the world has too coldly looked upon those rays whose shining is far above the brightness of the sun. Far greater—in that it gives sight to the blind, speech to the dumb, hearing to the deaf, and makes the lame to leap as an hart.

A young woman with some ambitions as a painter submitted specimens of her skill to a successful artist. "Don't copy copies," said he. "You have copied this landscape from a picture that was itself an imperfect copy, with the result that all its errors are reproduced and magnified. Go out in nature and paint directly from your own landscapes. Or, if you must copy, copy from a masterpiece." There's a tremendous lesson in this. After all, character is no more than the inwrought ideal with more or less perfection. We are copyists in an extreme sense. The breadth and beauty of human character is largely dependent on the ideal so constant before our vision.

A gentleman crossing the English Channel stood near the helmsman. It was a calm and pleasant evening—no one dreamed of danger. But the sudden flapping of a sail, as if the wind had shifted, caught the ear of the officer. He sprang at once to the wheel, and examined the compass closely. "You are a half-point off the course," he said to the man at the wheel. The correction was made and the officer returned to his post. "You must steer very accurately," said the traveler, "when only a half-point is so much though of." "Ah, half a point in many places may bring us directly upon the rocks," was the reply. Had you ever thought about it? Where you begin to diverge from a given line may form an angle so small as to be even not seen. But wait!—wait until you have gone far, far out upon your journey. And you find yourself far away from the original line. Its the diverging angle that means so much.

SUMMER RESORTS CONDEMNED

Rev. Madison C. Peters of the Church of the Epiphany in New York, declares that the so-called summer resorts are the worst places in the world, veritable hotbeds of sin and sinks of iniquity. He says:

"I dare not trust myself to describe the things which may be seen in our summer hotels where wealth abounds and beauty smiles. The harvest which will be gathered from summer drinking will be ruined homes, broken hearts, destroyed hopes, dishonored lives, tormented souls, cheerless graves and an undone eternity. If I could make you see the harvest which will come from the summer sowing it would make your hair raise, your breath catch, your blood chill and would call forth your deepest commiseration on behalf of the victims and rouse your just indignation against the social custom which produces such misery."

NOT ABOVE LEARNING.

The United States government has detailed two army officers to travel for a month with one of the largest circuses in the country. It is not an infrequent occurrence for officers to be detailed to schools and colleges, in order to give instructions in military tactices. This time the object is not to teach but to learn. Rustics and city dwellers alike have marveled at the seeming ease with which the transportation and maintenance of a great circus in managed. A thousand people, scores of horses, wild animals requiring special conditions of heat, air or food, and a mass of canvas, cordage and other material, both heavy and bulky, are carried from one town to another with fidelity to a schedule prepared long before. In the town at which the next performance is to be given the tent is set up and all other arrangements for entertaining crowds of people are made. Sleeping quarters and regular meals for a thousand men and women are provided. The animals are fed and watered. The money and other valuables are guarded. It may be that the circus will remain in one town two or three days, or the next day may find it many miles away, but whatever the program the men in charge are capable of carrying it out.

COTTON SEED OIL.

During the discussion of the pure food bill in Congress it was pretty well established that about all the "pure olive oil" sold in this country is nothing but a highly refined oil of cotton seed. A provision was therefore inserted in the bill that hereafter this "refined olive oil" should pass under its own honest name of cotton seed. This was opposed on the ground that it would hurt one of the South's great industries; but Mr. Slaydon of Texas very sensibly thought otherwise. Says the telegraph report:

"I cannot take that view," said Mr. Slaydon. "Cotton seed oil is an honest, wholesome product and has merit enough to stand on its own inherent worth. Certainly we ought not to foster the trade by telling lies about it. It should be sold for what it is, and if it is as good as we think it is, it will soon be established on a higher plane as a food production than it has ever had and will command a better price. But whether it is or not, I want to see square dealing in food and drink, and for more than 200,000 Texans I declare here and now that we want no trade based on dishonesty in weight, measure or quality."

If we assume that a family consists on the average of five persons, it will cost every family in the United States $55.10 to pay the debts contracted by the last session of Congress. Congress appropriated a sum equal to $11.02 per capita on the 80,000,000 people in this country. It was not a property tax, but an indirect, insidious, dishonest tariff and internal revenue tax, equivalent in its operation and effect to a poll of about $33 on every adult in the country.

The people are anxious to be reassured, also, concerning the character of the mincemeat.

Cuba has been free for nearly eight years, and it hasn't done her a bit of harm.

THE NEWS FROM MELROSE

Mr. and Mrs. von Noszky Will Go to Europe—Other Notes of Interest.

Melrose, July 20.—The sale on Tuesday afternoon netted a very nice amount towards the fund to purchase a large national flag for the town hall. All seemed to take an interest in the matter and patronized the ladies accordingly. The town hall was very effectively decorated with national bunting and flags of all sizes, showing off well from the dark green of the palmettoes, magnolias and pine boughs.

AFTER FINE SESSION NORMAL TERM CLOSED

Had a Most Enjoyable, as Well as Instructive, State Session.

A RESOLUTION OF THANKS

To the Faculty and Other People for the Good Treatment and Consideration Students Had Experienced Here, While Attending This School.

After a successful session of six weeks, the State Summer Normal School which was ordered by the State Department of Education has closed in this city.

The Normal, which was under direction of a competent force headed by Dr. Yocum of Lake City as principal, has accomplished some fine work among the teachers, who represented every section of the State. Both Dr. Yocum and his faculty, who were specially selected for their ability as teachers, have worked hard, and are rewarded by the advancement and the thanks of the one hundred and thirty-five students who attended the session.

Hon. W. M. Holloway, State Superintendent of Public Instruction, and one of the most prominent educators in the South, has been attending the Normal personally for the past three or four days, having been attracted here by the State examination of the teachers. Prof. Holloway did not come with any fear of the inability of the faculty, but his presence was necessitated on account of the teachers' examinations, and it was a mutual pleasure of himself and the faculty to review the work of the term.

"I feel very much gratified at the work performed by Dr. Yocum and his faithful and competent assistants at this term," Prof Holloway said, in speaking to a representative of The Sun. "The result of this Normal work evinces careful and cautious preparation, and goes to show that the teachers of Florida are becoming cognizant of the fact that efficiency will be the first consideration of the applicant for teachers' positions in Florida. It is true that the additional practice of kindness and patience will go a long ways—and it will go a long ways in employing teachers when it comes to a 'show down' in connection with efficiency; but we are determined to have good and efficient teachers. There are plenty of them in Florida—as many in proportion, and probably more, than any other State of the Union, and we are going to get them, even if it takes time to do it.

"Considering the length of time in which the public schools of Florida have been in operation, this State has today the finest, most efficient and most uniform public school system in the Union. Many a man at my age can remember when he was a boy how sparsely located the schools were, and there were no public schools either. Our fathers or mothers were compelled to pay for our education, if we got any, and I want to congratulate many of these applicants today, and who will no doubt stand high in examinations, and their examinations were not secured through taxation of the public properties, but through the hard earnings of their parents; and they must have worked hard to have secured the excellent knowledge which they have now possessed.

"I desire also to congratulate the faculty of the Normal. The examination of the teachers who have entered the State contest during the present week evinces careful preparation of teachers but also shows thorough instruction by the faculty. All students have assured me that it was one of the most pleasant and most beneficial, as well as one of the pleasantest and most harmonious sessions they have ever attended—and I believe them, from what I have seen. The personnel of the student body is exceptional, and as a whole is the finest I have ever seen."

Prof. Holloway states that the Normal at Tallahassee, under direction of Prof. Buchholz, has also proved very satisfactory, more than one hundred students being present. Prof. Buchholz was also aided by a very fine corps of teachers, among whom Prof. I. I. Himes of Palatka and others equally as important.

Important Resolutions

At the conclusion of the session, the teachers passed the following resolutions complimentary to the faculty, Gainesville and its people:

"Whereas, The time for the expiration of our school is at hand and we must soon disperse to our several homes and our places of duty, we, the students of the Gainesville Summer Normal, deem it not only a great pleasure, but just and proper that we give expression to our feelings and thoughts, and to attempt in some small measure to render thanks unto those to whom we owe so much for the pleasant and profitable weeks we have spent while here; therefore be it

"Resolved, That we tender our hearty thanks to Dr. J. L. Kelley, superintendent, and to the Honorable Board of Public Instruction of Alachua county, for the use of the University High School building with its well furnished and equipped rooms which have accommodated us so efficiently.

"Resolved, That we extend to the good people of this beautiful city our sincere thanks for their kind, generous hospitality to us during our sojourn in their midst, for we feel they have imbibed some degree of that educational spirit that permeates the very air of the city; and we wish for them much success in the establishing and maintaining the University, feeling that it can but be a success where so much educational spirit is shown.

"Resolved, That we tender our heartfelt gratitude to each and every member of the faculty for having so faithfully and so diligently discharged their duty, and for their earnest efforts to help us to a true conception of the great responsibilities and privileges of our noble calling. May that measure of success they so richly merit be theirs. As long as memory faileth not will we tenderly recall the recollections of these weeks and seek to emulate the lives of these noble men and women who have given their best efforts in our behalf.

"Resolved, We realize that it will be to the best interests of the teachers of the State and to the advancement of the cause of education throughout the State to continue the 'Teachers' Training Schools' under the direct supervision of the State Superintendent.

"Resolved, That we tender to our worthy State Superintendent, Hon. W. M. Holloway, our thanks for his great interest in the upbuilding of the educational status of our loved State, and most especially for having made it possible for us to be thrown under the influence of the true men and women who constituted our faculty, and we hereby pledge to him our earnest, hearty co-operation in his efforts to raise the standard of efficiency in our midst.

NEWS OF CITY AND COUNTY CONDENSED

From Sunday's Daily Sun.

Cricket Prewitt of Waldo, editor and publisher of that sprightly little weekly, The Waldo News, was in the city yesterday. Cricket is the youngest editor in Florida, but he knows a "thing or two" when it comes to expressions, and he is usually conservative.

Piano Tuning—Prof. Frank Schorp of New York has arrived in the city and will have his headquarters at the music store of A. R. Harper. Prof. Schorp comes highly recommended as a piano tuner, action regulator and tone voicer. All work guaranteed or money returned.

A letter received by Hon. J. M. Rivers from his wife, who is spending a few days at Santa Fe, bears information that she and the children are "getting along finely." This is naturally good news to Mr. Rivers, who is staying at home and working hard in his legal profession.

E. C. McMahan has returned from Trenton, where he has taken a contract for the erection of a one-story brick building for Perry M. Colson. This building will be modern, and will contain three roomy stores. Mr. McMahan has already put a force to work and expects to finish the building by September 1st.

The work of grading the papers in the examination for State certificates was completed last night about 8 o'clock, and the applicants will have their grades mailed them Monday. Prof. Holloway leaves for Tallahassee this afternoon, well pleased with the work of the Normal and the standing of the applicants as shown by their grades.

Those who wish to prepare, either for the State examination to be held on the 28th of next month, or for the regular September examination, have a fine opportunity of doing so during the next five weeks. Profs. Lynch and Corr will open a private normal in the High School building tomorrow morning, to last five weeks. This is an opportunity not to be missed.

The G. W. Hyde Company wish to announce that Madame Swarthout of Chicago has taken charge of their dress making department and she will be glad to meet the ladies of Gainesville and vicinity at any time. Madame Swarthout is thoroughly conversant with all the new ideas of the dress maker's art, being very expert in ladies' tailor and fancy gowns, drafting all her own patterns after the very latest Parisian styles.

Owing to the ruling of the State Board of Education that principals of Senior High Schools must hold State certificates before opening their schools in the fall, State Superintendent Holloway will hold another State examination in Gainesville, beginning on the morning of August 28th. This will enable all who have not finished their State studies, and who desire to open their schools the first Monday in September, to do so.

GOOD healthy action of the Liver and bowels invariably follows the use of Lamar's Lemon Laxative (L. L. L.)
It is a reliable remedy, made by an old reliable firm, and gives greater satisfaction than any other medicine of its kind. It is just the medicine that you require in the spring.
G. W. Bartlett, of Helena, Ga., says: "L. L. L. is one of the best medicines on the market, and it will do all that is claimed for it."
Mrs. W. W. Folsom says: "It is worth more than all the other medicines I ever used."

NEWS FROM ALL PARTS OF FLORIDA

Brief Happenings From Various Sections of State.

Transpiring in "The Land of Flowers."

Things "Boiled Down" to Suit the Busy Reader—Items of Interest to All Classes.

Manatee and St. Lucie are two more Florida counties in which prohibition elections will be held next month.

From information received from Tallahassee it is understood that Hon. W. N. Sheats, former State Superintendent, has been elected principal of the Leon graded and high school.

Robert Carson, a well known young white man of Fort Myers, was shot in the head and mortally wounded there late last Tuesday night by Newton Edwards, a half-witted white man.

J. R Turner, sheriff of Volusia county, was shot through the left lung Tuesday night while raiding a blind tiger in the negro settlement in Lake Helen, a small town near DeLand. The sheriff's wound is serious but not necessarily fatal. Sheriff Turner was shot by one of his deputies accidentally.

A wholesale jail delivery occurred at the county jail in St. Augustine shortly before noon Tuesday. As a result of which four desperate negro prisoners made their escape after overpowering the jailor, Joseph J. Disney. The jailor, however, recaptured Richardson, the ring-leader, after a hot chase and struggle, but the other three are still at large.

Mayor Geo L. Babcock of Key West is going to prepare information for the taxpayers of that city showing reasons why the finances of the city should be taken from the municipal government and placed in the hands of the State, and will call for such an election under and according to law provided for such conditions as now exist in the city of Key West.

Robert Gorman of Tallahassee committed suicide Tuesday morning. Gorman is of an excellent family and a great deal of sympathy is felt for his mother, who is prostrated with grief. On the bureau in his room was found a letter with the following written on the back of the envelope: "My death needs no investigation, it is the work of my own hands."

The Governor has revoked the conditional pardon heretofore granted Peter Horn, a negro convicted in Gadsden county in March, 1898, of assault with intent to kill, and sentenced to serve five years. Horn was granted a conditional pardon in 1901, the conditions being that he should abstain from the use of intoxicating liquors and lead a peaceable, law-abiding life. He was arrested in Tallahassee on a charge of being drunk and disorderly, and has been returned to prison to complete his sentence.

Only 82 Years Old.

"I am only 82 years old and don't expect even when I get to be real old to feel that way as long as I can get Electric Bitters," says Mrs. E. H. Brunson of Dublin, Ga. MR. NICHOLS PROMOTED.

Will Assume Agency of Atlantic Coast Line at Lake Butler.

C. A. Nichols, for the past eight years connected with the train dispatcher's office of the Atlantic Coast Line in this city, has received a deserved promotion, having been appointed agent of that line at Lake Butler.

Mr. Nichols is regarded as one of the most competent railroad men in Florida, and has served the road by which he has been employed both efficiently and faithfully. Always at his post and reliable, his superiors realized his loyalty and rewarded him by this promotion.

While Mr. Nichols and his estimable family will be given up reluctantly by their many friends here, it is no more than natural that they will join in congratulations.

Mr. Nichols expects to assume his new duties in a day or two.

Feel Impending Doom.

The feeling of impending doom in the minds of many victims of Bright's disease and diabetes has been changed to thankfulness by the benefit derived from taking Foley's Kidney Cure. It will cure incipient Bright's disease and diabetes, and even in the worst cases gives comfort and relief. Slight disorders are cured in a few days. "I had diabetes in its worst form," writes Marion Lee of Dunreath, Ind. "I tried eight physicians without relief. Only three bottles of Foley's Kidney Cure made me a well man." J. W. McCollum & Co.

A Remarkable Discovery.

New York, July 11, 1906 —An eminent food specialist recently made the remarkable discovery that all the ingredients entering into the composition of ice cream could be reduced to powder form, kept indefinitely, and when ice cream was wanted it could be quickly made by adding a small quanity of the powder to a quart of milk and freezing, without heating or cooking, thus doing away with all labor in making ice cream; and the proportions of each ingredient being absolutely correct, the ice cream made from the powder would always be the same high quality, absolutely pure and free from disease germs or danger of ptomaine poisoning. No eggs, sugar, flavoring or anything except milk is required to make the finest ice cream from the powder. After having been carefully analyzed by the Pure Food Commissioners, it has been placed on the market under the name of Jell-O Ice Cream Powder. Scientists pronounce it the greatest step forward in pure food production in recent years.

MEETING SCHOOL BOARD.

Special Meeting Was Held for the Purpose of Selecting Teachers.

A special or adjourned meeting of the school board was held Friday, the purpose being for selecting of teachers for the ensuing term.

The applications were read carefully and considered, and many were employed. There were many more, however, whose applications were referred for future reference.

Alachua county needs many teachers the coming term, but Dr. Kelley is determined that no one but the proper parties shall be retained. He is determined that the teachers of Alachua county shall be what he desires in the matter of efficiency.

Old Chronic Sores.

ANNUAL MEETING OF COLORED DOCTORS

Two-Days' Session of State Association Just Concluded.

MEETINGS WERE INTERESTING

Many Important Papers and Subjects Were Read and Discussed Which Proved Instructive--Banquet Wednesday Night—Officers Elected.

The Florida State Medical, Dental and Pharmaceutical Association, colored, embracing colored members of the three professions, have concluded a two-days' session in this city, which was held in Mt. Pleasant M. E. Church, North Pleasant street.

The meeting was called to order Tuesday afternoon at 3 o'clock by the president, Dr. J. Seth Hill, of Jacksonville, and the following answered to the roll call:

Drs. Arthur J. Thomas and W. H. Hampton, Palatka; J. A. Baker, W. C. Small, P. N. Richardson, John H. Shaw, J. A. Butler, Jacksonville; D. W. Roberts, St. Augustine; T. LeRoy Jefferson, West Palm Beach; S. C. McIver, R. S Hughes, R. B. Ayer, H. R. Smith, J. Harvey Smith and J. A. Parker, Gainesville.

The welcome address in behalf of the citizens of Gainesville was delivered by Dr. J. Todd, D. D., pastor of Mt. Pleasant M. E. Church, with a response by Dr. W. C. Small, secretary of the association.

Many papers of interest were presented, and several subjects of vital importance to the profession were discussed. In all, the meeting proved a most successful and beneficial one.

On Wednesday evening a banquet was tendered by the colored citizens complimentary to the visiting and resident members of the association, at which more than 150 plates were served.

The following officers were elected for the coming year: Dr. D. W. Roberts, St. Augustine, president; Dr. R. B. Ayer, Gainesville, vice-president; Dr. J. Harvey Smith, Gainesville, secretary; Dr. J. A. Baker, Jacksonville, treasurer.

The executive committee comprises Drs. J. A. Butler, S. C. McIver, J. A. Parker and T. L. Jefferson.

The selection of the next meeting place was left to the executive committee.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's **Swamp-Root**, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

If you keep this medicine on hand, you will never see anything else but smiles on his face. Mrs. S——, Blackwell, Okla., writes: "My baby was peevish and fretful. Would not eat and I feared he would die. I used a bottle of White's Cream Vermifuge and he has not had a sick day since." Sold by W. M. Johnson.

W. C. T. U. ENTERTAINMENT.

Auditorium Was Crowded Friday Night to Witness Exercises.

The W. C. T. U. entertainment at the auditorium of the University High School Friday night was a decided success, and resulted in a good thing, financially.

The program was well arranged, and comprised a number of vocal and instrumental selections, which were highly appreciated by those who were there.

It would be an injustice, one to the other, to make any special mention, but the program was carried out in the following manner:

Piano Duet—Misses Ethel Durst and Edith Baguley.

Trio, "Sweet Clover"—Misses Ethel Butler, Gussie Scarborough and Mabel Atera.

Violin and Piano Duet—Misses Rubie and Bernice DeLand.

Recitation, "Dixie"—Samuel Mixson, followed by song "Dixie," sung by a chorus of six young ladies.

"A True Story"—Told by May Kirby.

Reading—Rubie DeLand.

Duet—Misses Mattie May Williams and Myrtle Fennell.

Chorus, "We Are Coming," and drill by twelve young ladies.

Recitation—Mattie May Williams.

Song, "Father is Drinking Again"—Bernice DeLand.

Reading, Selected—Miss Webster.

Piano Solo—Miss Ralphie Wilson.

Song, Violin Accompaniment—Misses DeLand.

Abraham Lincoln

Was a man who, against all odds, attained the highest honor a man could get in the United States. Ballard's Horehound Syrup has attained a place never equalled by any other like remedy. It is a sure cure for coughs, colds, bronchitis, influenza and all pulmonary diseases. Every mother should keep supplied with this wonderful cough medicine. Sold by W. M. Johnson.

Cannon Killed in McRae.

McRae, Ga., July 20.—Kyle Cannon was shot and instantly killed at East McRae, near this place, by his son-in-law, Julian Allgood. The trouble grew out of a fight the day before between Allgood and a son of Cannon, in which the latter got the worst of it. Cannon leaves a family, and Allgood had married his daughter only a few months ago. Allgood is in jail here.

Makes the Liver Lively.

Orino Laxative Fruit Syrup gives permanent relief in cases of habitual constipation, as it stimulates the liver and restores the natural action of the bowels, without irritating these organs like pills or ordinary cathartics. Does not nauseate or gripe and is mild and pleasant to take. Remember the name ORINO and refuse substitutes. J. W. McCollum & Co.

Steamer Is Seized.

Richmond, Va., July 20.—The handsome steamer Pokanoket, recently placed in commission by the Peters bug, Newport News and Norfolk company, sank at her wharf last night. A mutinous negro fireman was arrested today charged with having opened her sea cocks.
